Ordering Notes (Integra™ and Artizan® specific ordering notes on page 133)

1. ORDERING - Please provide the following information on all orders:

- Purchase order number
 - Bill to and ship to addresses
 - Product model and/or part number(s)
 - Product description
 - Upholstery color(s) and/or panel color(s)
 - Quantity needed
 - Pricing
- Required shipping date
 - Signature of person placing the order
 - A signed copy of drawings (Integra™ Dental Casework and Artizan® Expressions Dental Furniture)
- Minimum Order - \$35.

2. SPECIAL DESIGN - Orders for equipment of special design, construction, finish or upholstery are not subject to cancellation after your acceptance of our acknowledgement.

Special design products, custom design cabinets and special upholstery WILL NOT be accepted for credit.

3. RETURN OF MERCHANDISE - Authorization must be obtained for the return of any item. If return is authorized, transportation charges must be prepaid. Items returned for credit are subject to a charge of 25% or more to cover inspection, reconditioning and repacking. Goods must be properly packaged and undamaged to receive proper credit.

Note: Certain items are manufactured to order and are non-returnable, including Midmark Integra™ and Artizan® Casework, Upholstered items, Upholstery sets and Care Exchange™ Workstations.

4. FREIGHT DAMAGE - It is the consignee's responsibility to count and inspect upon receiving. Merchandise arriving with external damage should be described on Proof of Delivery, Delivery Receipt or Bill of Lading. In case of concealed damage, consignee must contact the carrier within 15 days after receipt and claims for damage instituted.

5. IMPROVE PRODUCT QUALITY - Midmark Corporation reserves the right to change design and construction without notice.

6. ORDER CHANGES - Any requested changes to an order within 5 days of the scheduled/acknowledged ship date will result in an extension to the scheduled ship date. The new ship date will be rescheduled/acknowledged based on the extent of the changes requested.

7. CASEWORK ORDER CHANGES - Any changes made after the receipt of an order may incur a change fee. This fee will cover materials, labor and handling cost. All changes must be submitted in writing. Upon review and approval of changes, the order will be moved to the next available ship date.

8. ORDER CANCELLATION - Any order if cancelled within 10 days before the scheduled shipping date will be charged a 20% cancellation charge.

9. SPECIAL ORDER REQUIREMENTS - Any order requiring special deviation from standard products will carry the following disclaimer:

We hereby accept and acknowledge the above captioned order provided, however, because of the special nature of this order in that this equipment is being supplied upon special design specifications, special materials and/or field modification, as per your request, the standard warranties of Midmark on its products are not applicable to the order, and this acceptance and acknowledgement is conditioned upon your indemnification and promise to hold Midmark, its officers, employees and agents, harmless in respect to any and all warranty claims, damages, both direct and consequential, expenses, costs and any liability arising from the use of or relating to this special equipment.

Warranty

1. SCOPE OF WARRANTY

Midmark Corporation ("Midmark") warrants to the original purchaser its Dental products and components (except for components not warranted under "Exclusions") manufactured by Midmark to be free from defects in material and workmanship under normal use and service. Midmark's obligation under this warranty is limited to the repair or replacement, at Midmark's option, of the parts or the products the defects of which are reported to Midmark within the applicable warranty period and which, upon examination by Midmark prove to be defective.

2. APPLICABLE WARRANTY PERIOD

The applicable warranty period, measured from the date of delivery to the original user, shall be as follows:

- (1) DENTAL PRODUCTS are warranted against defect in material and workmanship for the period indicated below from the time of delivery:

(a) Two (2) years for all products and components (except for the periods in b through e).

(b) "KINK-VALVE" module carries a ten (10) year warranty.

(c) The original light bulb on a new light carries a one (1) year warranty.

(d) Accessories not manufactured by Midmark are excluded.

(e) Replacement parts and accessories carry a ninety (90) day warranty.
- (2) ORAL SURGERY PRODUCTS are warranted against defect in material and workmanship for a period of one (1) year from the time of delivery.
- (3) STERILIZER PRODUCTS are warranted against defect in material and workmanship for a period of one (1) year from the time of delivery.
- (4) ULTRASONIC CLEANER PRODUCTS when used in accordance with manufacturer's instructions and under normal use, are guaranteed for two (2) years after date of shipment. Within the period guaranteed, the manufacturer will repair or replace free of charge, at its sole discretion, all parts that are defective because of material or workmanship including costs for removing or installing parts. Repairs are made on a FOB repair depot basis. Manufacturer's liability, whether based on warranty, negligence or other cause, arising out of and/or incidental to sale, use or operation of the transducer elements, or any part thereof, shall not in any case exceed the cost of repair or replacement of the defective equipment, and such repair or replacement shall be the exclusive remedy of the purchaser, and in no case shall manufacturer be responsible for any and/or all consequential or incidental damages including without limitation, and/or all consequential damages arising out of commercial losses.
- (5) AIR AND VACUUM PRODUCTS

(a) PowerAir® oil-less compressors – Five (5) years or 3,500 hours of use, whichever occurs first.

(b) PowerVac® and PowerVac® G dry vacuums – Five (5) years or 10,000 hours of use, whichever occurs first (except that the vacuum pump warranty term is ten (10) years or 20,000 hours of use, whichever occurs first).

- (c) Classic Series® wet-ring vacuums – Five (5) years or 10,000 hours of use, whichever occurs first.

(d) PowerMax surgical suction – Two (2) years.

(e) Hg5 Series Amalgam Separator - One (1) year.

(f) Midmark manufactured accessories - One (1) year.

- (6) INTEGRA™ DENTAL CASEWORK AND ARTIZAN® EXPRESSIONS PRODUCT are warranted against defect in material and workmanship for the period indicated below from the time of delivery:
- (a) Five (5) years for all products and components except for the shorter periods in (b), (c) and (d), including door and drawer fronts, casters and slides.

(b) Three (3) years for electrical components such as task lights/LED light and cords and controls.

(c) Two (2) years for sliding track monitor mount and components and upholstery.

(d) One (1) year for countertops and resin, including accessories.

3. EXCLUSIONS

This warranty does not cover and Midmark shall not be liable for the following;

- (1) repairs and replacements because of misuse, abuse, negligence, alteration, accident, freight damage or tampering;

(2) matching of color, grain or texture except to commercially acceptable standards;

(3) changes in color caused by natural or artificial light;

(4) products which are not installed, used and properly cleaned as required in the Midmark "Installation" and or "Installation/Operation" Manual for this applicable product;

(5) products considered to be of a consumable nature;

(6) accessories or parts not manufactured by Midmark;

(7) specially manufactured products;

(8) charges by anyone for adjustments, repairs, replacement parts installation or other work performed upon or in connection with such products which is not expressly authorized in writing in advance by Midmark.

4. EXCLUSIVE REMEDY

Midmark's only obligation under this warranty is the repair or replacement of defective parts. Midmark shall not be liable for any direct, special indirect, incidental, exemplary or consequential damages or delay including, but not limited to, damages for loss of profits or loss of use.

5. NO AUTHORIZATION

No person or firm is authorized to create for Midmark any other obligation or liability in connection with the products.

THIS WARRANTY IS MIDMARK'S ONLY WARRANTY AND IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED. MIDMARK MAKES NO IMPLIED WARRANTIES OF ANY KIND, INCLUDING ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE. THIS WARRANTY IS LIMITED TO THE REPAIR OR REPLACEMENT OF DEFECTIVE PARTS.

Warranty Information

Product is warranted to be free from defects in material and manufacturing workmanship by Midmark for a period of 24 months from the date of purchase or 30 months from the date of shipment from Midmark. For complete warranty information, contact Midmark at 1-800-MIDMARK

Arm Exchange Program

Midmark supports an exchange plan for the horizontal arm in cases when the wrong length has been ordered and shipped. The program covers new purchases only and the exchange must be made within 30 days of the sale to the customer.

Procedure: Contact Midmark Customer Experience and request an Arm Exchange. The serial number of the X-ray must be provided at the time the request is made. Customer Experience will issue a Return Authorization for the original horizontal arm. A purchase order for the arm length desired referencing the RA number must be sent into Midmark. The original horizontal arm must be returned undamaged. Any arms received damaged will be billed.

All freight charges are the responsibility of the dealer.

Preva Plus - Integrated Intraoral X-ray and ClearVision® Digital Sensor

*Preva Plus combines a high frequency intraoral X-ray system and the ClearVision® high resolution digital sensor for the ultimate in digital convenience. System includes the ClearVision® digital sensor with High Speed USB 2.0 connectivity, storage on the arm, Progeny® Imaging Software and all the features of the Preva DC. System available in 56", 66", 76" and 82" *arm lengths or mobile system. Two-year warranty for the X-ray and the sensor.*

**Sold exclusively with double stud mount.*

X-ray Systems

Preva DC Intraoral X-ray System

Preva DC is a high frequency intraoral X-ray system that provides exceptional image quality. The system includes a unique LCD display; 30 pre-programmed technique settings; 0.4mm focal spot; adjustable kV, mA and time settings; and an ergonomic tubehead handle and operator control panel that can be mounted remotely. The system is available in 56", 66", 76" and 82" *arm lengths. The smooth, drift-free arm is balanced in the factory, and a proprietary braking system provides drift-free positioning. Compatible with digital receptors and standard and high speed films. Two-year warranty.

*Sold exclusively with double stud mount.

XSDS-0B/L	Progeny ClearVision® Digital Sensor System with Laptop, Size 1 and Size 2 sensors.	\$23,035.00

A seamless method for a clinic to switch to digital, the ClearVision® Laptop Suite includes the ClearVision® Digital Sensor system along with a laptop pre-configured for your Progeny ClearVision® Sensor. The laptop is pre-loaded with Progeny® Imaging software, Progeny Device Suite including a TWAIN client and the paired ClearVision® sensor calibration files.

See Specifications and Network Requirements on page 14 for additional details.

Sensor Care and Accessories

Sensor Safe Extended Care Plan:

Sensor Safe Extended Care Plan is a comprehensive extended care plan for the Progeny ClearVision® intraoral sensor. ClearVision® sensors come standard with a two year warranty covering failure or malfunction due to normal use. With the purchase of the Sensor Safe Extended Care Plan, the ClearVision® sensor is covered for a period of five years for failure or malfunction. Contact Midmark Customer Experience for the Sensor Safe Extended Care Plan details.

Progeny® Imaging Operating System Requirements

Operating System	Microsoft Windows 8 Pro or Enterprise Editions (32 or 64 bit), Microsoft Windows 7® Ultimate or Professional (32 or 64 bit) or Microsoft Vista® Business or Ultimate (32 or 64 bit) or Microsoft Windows XP® Professional (SP3) or Intel®-based Apple® running Windows Platform
Processor	Intel (or x86 compatible) Single Core 2 GHz or better (or Dual Core at 1.7 GHz recommended)
Memory	2 GB RAM (minimum), 3 GB RAM (recommended)
Storage	80 GB Hard Drive (minimum)
CD/ DVD	48x CDRW (minimum), 16x DVD+/-RW (recommended)
Video	32 bit, 1024 x 768 resolution capable (recommended)
Ports	Two High Speed USB 2.0

A back-up storage device is recommended (DVD, external hard drive, other).
NOTE: Microsoft 8, Microsoft 8 RT, Microsoft Windows 7® Home Premium, Microsoft Windows Vista® Home Basic or Home Premium and Microsoft XP® Home, and Tablet PC Editions are NOT recommended. For additional information, please contact Midmark Technical Support at 1-800-MIDMARK, imagingtechsupport@midmark.com or visit midmark.com/support.

Progeny Vantage® Panoramic Network Requirements

All communication components within the dental practice or facility network are required to operate at the rate of 100 megabits per second or higher. For additional information, please contact Midmark Technical Support at 1-800-MIDMARK, imagingtechsupport@midmark.com, or visit midmark.com/support.

ClearVision® Laptop Suite Specifications

The ClearVision Laptop meets the below minimum specifications.

Operating System	Microsoft Windows 7® Ultimate or Professional
Processor	Intel Core Duo/i5/i7 performing at a minimum of 2 GHz
Memory	3 GB DDR/DDR2/DDR3 RAM minimum
Graphics Controller	Capable of minimum 1024 x 768 resolution
Monitor	LED Backlit display with a size of at least 13" and no more than 15.8"
Ports	At least two High Speed USB 2.0 available
Network Controller	Ethernet at a speed of 10/100 minimum
Wireless Network Controller	802.11 g/n minimum
Weight	No more than 10 lb

Service/Repair Policies

Midmark offers evaluation and repair service on Midmark wet-ring vacuums..

Vacuum repairs will fall into one of the two categories below. The customer will be notified which repair is needed prior to any repairs being completed.

Description	List Price
Midmark Classic Series® Wet-Ring Vacuums – without motor	\$1,080
Complete disassembly and inspection of all components.	
Replace motor bearings, water seal and all other seals.	
Replace other components (except motor) as needed to bring unit to specification. Reassemble and performance test unit. 6-month warranty.	
Midmark Classic Series® Wet-Ring Vacuums – with motor	\$1,855
Same as above including motor replacement instead of motor bearing and seal replacements. 1-year warranty.	

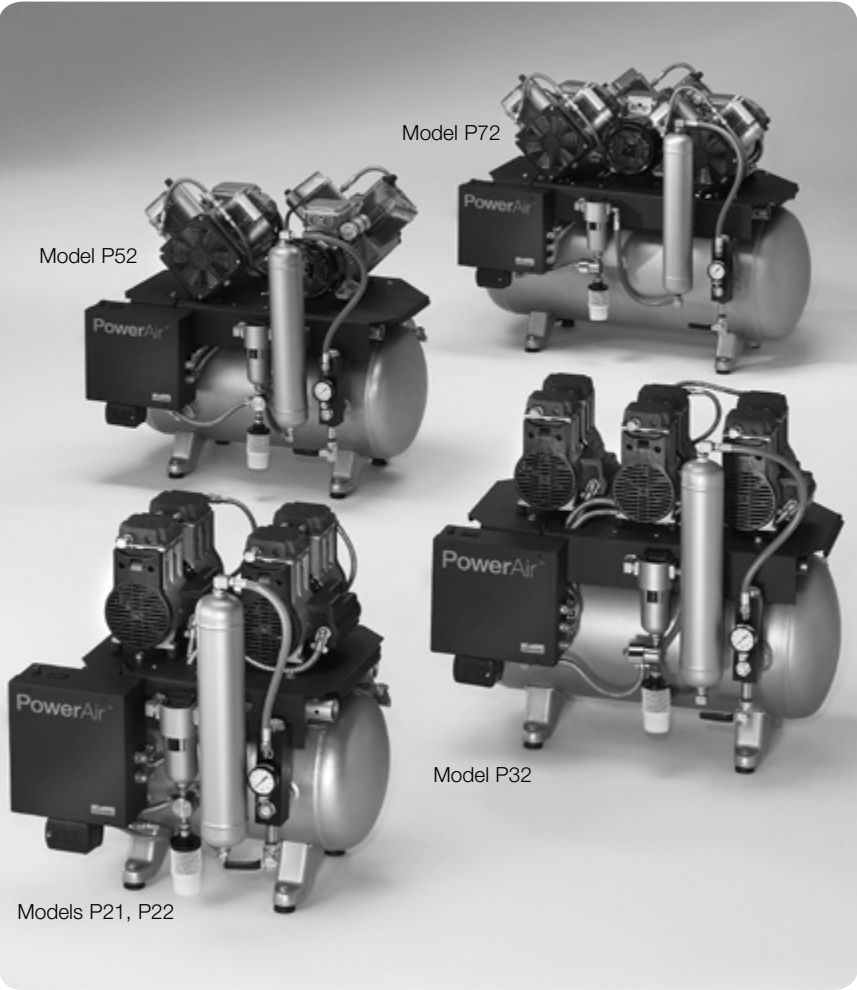

Note: Repair charges for all other items are based on parts and labor. Estimates are provided on request.

Authorization must be obtained for products that are being returned for repair. Contact 1-800-MIDMARK, ext. 88923, for Dental Customer Experience to receive authorization RMA number. Specify the RMA number on the outside of the box and label it to the attention of Repair Service Center. Product must be packaged properly to avoid damage. Freight charges for return shipment will be added to invoice.

Versailles, OH 45380

PowerAir® - Oil-Less Air Compressors

- Industry-Leading Performance
- Quiet Operation
- Coalescent-Filtered Compressed Air
- Fresh Air Intake
- Unmatched, Exclusive Product Warranty

Sound covers allow for extremely quiet compressor operation. Includes high output cooling fans and quick-connect electrical plug (optional accessory).

500 times more stringent than NFPA 99C standards, all PowerAir® oil-less compressors include a .01 micron coalescent filter to provide ultra-clean air.

A unique exhaust silencer/filter keeps noise levels low and filters purge air to a nearby drain, allowing for a cleaner mechanical room environment.

Simple and effective, the service access manifold houses all critical compressor operating controls in one convenient location.

To calculate dental user capacity:

Please note that the user capacity listed for each model is based on typical combinations of dentists, dental hygienists, dental assistants and handpiece lubrication stations that can work simultaneously in a conventional dental office setting. User satisfaction is a subjective matter. Ratings are shown for planning purposes only. For laboratory applications, contact Midmark Technical Service for proper sizing.

PowerVac® G - Dry Vacuums

PowerVac® G is the first intelligent dry vacuum. It uses an intelligent energy management system that creates a new standard for all dental vacuums.

Energy Efficiency:
The industries first intelligent vacuum system reduces energy up to 83%.

Power/Performance:
With a specifically designed 3.0 HP motor matched to a revolutionary rotary claw vacuum pump, the PowerVac® G can produce up to 18" Hg continuously.

Zero Maintenance:
Due to its water-less and oil-less design, the PowerVac® G requires no routine maintenance. No filters, strainers or oil to check, change or replace make the PowerVac® G a true hassle-free dry vacuum.

Quiet Operation:
With a 48 db-A rating, the PowerVac® G operates at a pleasingly quiet sound level, allowing it to be conveniently located in an equipment room close to an operator suite, staff lounge or doctor's office.

Upgradable Flexibility:
The PowerVac® G can be field-upgraded to accommodate nearly any dental practice growth, bringing complete confidence for the doctor and staff. An investment in the PowerVac® equals security for the long-term.

Unmatched Warranty:
The PowerVac® G backs up its robust, durable image with a warranty to match:

- 5-year/10,000-hour full product
- 10-year/20,000-hour rotary claw pump

PowerVac® - Dry Vacuums

PowerVac®, the first dry vacuum to combine the dental professional's most desired features into one space-saving, performance-driven system. The PowerVac® creates a new standard for dental dry vacuums.

Power/Performance:

With a specifically designed 2.0 HP motor matched to a revolutionary rotary claw vacuum pump, each PowerVac® unit can produce up to 18" Hg continuously.

Zero Maintenance:

Due to its water-less and oil-less design, the PowerVac® requires no routine maintenance. No filters, strainers or oil to check, change or replace make the PowerVac® a true hassle-free dry vacuum.

Quiet Operation:

With a 72 db-A rating, the PowerVac® operates at a pleasingly quiet sound level, allowing the PowerVac® to be conveniently located in an equipment room close to an operatory suite, staff lounge or doctor's office.

Upgradable Flexibility:

The PowerVac® can be field-upgraded to accommodate nearly any dental practice growth, bringing complete confidence for the doctor and staff. An investment in the PowerVac® equals security in the long-term.

Unmatched Warranty:

- The PowerVac® backs up its robust, durable image with a warranty to match:
- 5-year/10,000-hour full product
 - 10-year/20,000-hour rotary claw pump

ClassicSeries® - Wet-Ring Vacuums

- High Output, Proven Performance
- Durable Aluminum Bronze Construction
- Exclusive Internal Water Recycling
- Water Recycling By-Pass
- Stainless Steel Motor Shaft
- NFPA 99C Level-3 Compliant

Redesigned intake manifold allows for smooth air flow and greater efficiency.

Separate Twin Model On/Off switches and Hour Meters provide operational versatility.

“Quick Connect” hose connections allow for tool-free serviceability. Water Recycler By-Pass Valve provides extra protection against water mineral deposits.

To calculate dental user capacity:

Please note that the user capacity listed for each model is based on typical combinations of high-volume evacuators (HVE), saliva ejectors (SE) and nitrous oxide (N₂O) scavengers that can work simultaneously in a conventional dental office setting. Typically, each HVE equals 1 user, each SE equals 1/2 user, and each N₂O scavenger equals 1/2 user. User satisfaction is a subjective matter. Ratings are shown for planning purposes only. Piping length and configuration can affect vacuum performance. For specific applications, contact Midmark Technical Service for vacuum sizing recommendations.

Hg5 Series – Amalgam Separator

- ISO 11143 certified to greater than 99% effective
- Works with both wet and dry vacuum systems
- Clear, see through design makes it easy to check function and fill level
- Simple canister change and recycling process. Contact your dealer or SolmeteX® for details
- Use the Hg5 model in combination with the PowerVac® and PowerVac® G
- Use two Hg5 units with Twin PowerVac® or PowerVac® G systems

Vacuum Accessories

Dispos-A-Bowl			
			
Dispos-A-Bowl is the safe, smart way to dispose of used vacuum filters and waste. To use, simply remove the new filter bowl, screen and gasket from the protective canister, unscrew the old filter and place it in the, now empty, protective canister. Re-attach the canister lid and use the red "Safety Tape" to seal the package. Dispose of the canister properly per local codes. Attach the new filter bowl, screen and gasket to your vacuum pump and you're back in business.

PowerMax - Surgical Vacuums

- Specifically designed for oral surgeons
- Vacuum performance
- Easy maintenance for years of reliable service
- 24V Low-voltage control relay for remote operation
- Optional exhaust manifold available for clinics scavenging N₂O
- Includes electrical hook-up kit

Reliable rotary vane pump requires no lubrication.

Convenient, easy access electrical control box.

Run-time Hour Meter provides for operational and serviceable versatility.

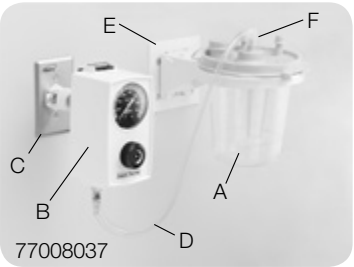

To calculate dental user capacity:
Please note that the user capacity listed for each model is based on typical combinations of dentists, dental hygienists, dental assistants and handpiece lubrication stations that can work simultaneously in a conventional dental office setting. User satisfaction is a subjective matter. Ratings are shown for planning purposes only. For laboratory applications, contact Midmark Technical Service for proper sizing.

Midmark Operatory Cabinetry
Integra™ Dental Casework and Artizan® Expressions

Both Integra™ Dental Casework and Artizan® Expressions provide designs that meet ergonomic workflow, infection control, technology integration and unique storage requirements...offering maximum flexibility to customize cabinetry solutions. Each line has a five year warranty (see page 5 for details) and design support teams to assist you with your projects.

Integra™ Dental Casework

Aligned with LEED Green Building Rating System, Integra Dental Casework's steel frame provides the durable structure and asepsis-friendly designed required for long product life. Its internal and external modularity and flexibility allows for easy modifications and component replacement as office needs evolve.

Feature Highlights:

- 18 gauge steel frame
- Electrostatic, powder-coated baked-on paint
- Membrane-pressed, thermofoil-wrapped panels
- Seamless polystyrene drawers
- Seamless integrated handles

Artizan® Expressions

Bringing a unique, modern look to the dental space, Artizan® Expressions creates an inviting and positive experience for both patients and staff. Customers can combine several cabinet colors, along with resin, upholstery and countertop colors to create a style that is distinctively their own.

Feature Highlights:

- 3/4" panel wood dowel construction
- Seamless, stainless steel bases & accents
- Thermally-fused melamine panels with 3mm edgebanding
- Soft-close doors and drawers
- Brushed nickel handles

Midmark Customer Experience

Fax: 1-270-651-1732 / Email: orders-glasgowcasework@midmark.com

Please see Ordering Notes on page 4 for all Midmark equipment. Below are Ordering Notes specific to Integra™ and Artizan®:

Ordering Notes

1. ORDERING - Please include the following with your order (minimum order - \$35):
 - Quantity
 - Model/Part numbers
 - Description
 - Approximate shipping date required
 - Method of transportation
 - Purchase order number
 - Signature of person placing order
 - Final field measurements
 - Colors
 - Signed copy of drawings
2. SPECIAL DESIGN - Orders for special design, construction, finish or upholstery are not subject to cancellation after your acceptance of our acknowledgement. Special designed products, custom design cabinets and special upholstery WILL NOT be accepted for credit.
3. RETURN OF MERCHANDISE - Integra™ Dental Casework and Artizan® Expressions are manufactured to order and are non-returnable.
4. ORDER CHANGES - Any changes made after the receipt of an order may incur a change fee. This fee will cover materials, labor and handling cost. All changes must be submitted in writing. Upon review and approval of changes, the order will be moved to the next available ship date.
5. DELAYED/RESCHEDULED SHIP DATES - Request to reschedule orders that have not been built will be moved to the next available ship date. Request to reschedule or delay shipment of orders that have been built will incur storage and handling fees until shipped.
6. ORDER CANCELLATION - Cancellation 48 hours from time of order placement is subject to penalty. An assessment will be made at time of cancellation to determine the amount of penalty including material, labor and handling cost. Cancellations must be received in writing. Non-stranded color and custom design orders may not be cancelled without penalty.

Ordering Notes

- The cabinet modules can be ordered in combination to create a custom length run of cabinetry.
- All cabinet modules are priced without countertops and countertop accessories. Please see page 166 for this information.
- The cabinet modules do not include finished end panels. For modules that will be at the end of a series of cabinets, you must specify an End Panel or Round End Accessory to provide a finished appearance.
- Overall Cabinet Length:
Add up the lengths specified with the modules ordered.
Include the length of the required End Panels or Round End Assembly.
- Overall Countertop Length:
We will include a .5" countertop overhang per side (1" total) as standard.
If no overhang or a special length is required, please indicate that on the order.
Special length overhangs may incur additional charges.
- For proper countertop specification, please specify the cabinet modules, including End Panels and Round End Assemblies, from left to right when placing your order.
- Please specify any options or accessories with each module ordered.

Artizan® Expressions Streamline-Center Overview

Artizan® Expressions Sterilization Centers facilitate safer and more efficient instrument recirculation and our many designs are based on CDC, OSHA and ADA recommendations.

Slide-Out Waste Module
Featuring *Airglide®* foot activated open/close system.

Wrap Station
Includes two full-size wrap drawers, tape alcove, and instrument drawers.

Solid Surface Countertop
Includes undermounted stainless steel sink.

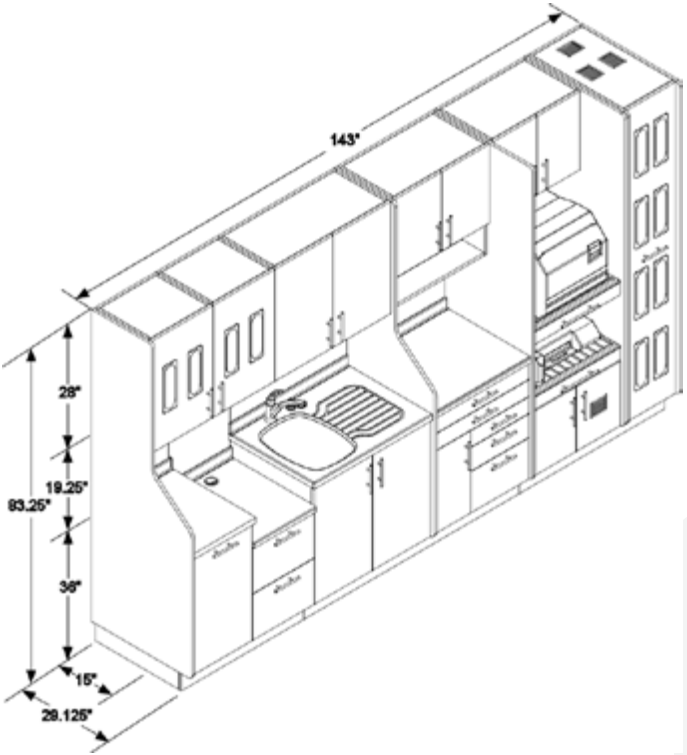

Temporary Holding
Easy-clean adjustable glass shelving. Red illuminated windows indicate contaminated materials.

Clean Storage Tower
180 degree swivel feature with adjustable racks. Requires 6"- 8" of clearance.

Artizan® Expressions SC144-200 Freestanding 12' Sterilizer Center

Copy-Complete-Send

SC144-200R Sterilization Center (Contaminated Side on Right)
Overall Dimensions: 29 1/8"D x 83 1/4"H x 143"L

Important Note - A minimum of 6" clearance is needed on the open side of the clean tower to permit it to rotate properly.

Key Features

- Solid Surface Countertop with undermount stainless sink.
- Matching 3mm edgebanding
- Brushed nickel handles (new operatory style).
- Soft-close doors and drawers.
- Window inserts.
- Stainless toe-kick base panel.
- Complete wiring system including task lighting, outlets and separate sterilizer and ultrasonic circuits.

Components Included in Starting Price

- A** Red, illuminated upper storage for contaminated instruments. *Optional Airglide® Open/Close available.*
- B** Slide-out waste module with regular and biohazard containers. *Optional Airglide® Open/Close available.*
- C** Ultrasonic Module with 2-drawers. *Optional pre-soak insert available.*
- D** Delta® retractable spray faucet and soap dispenser, undermounted 14" x 18" x 8" stainless steel sink.
- E** Wrap Station with two full-size wrap drawers, tape alcove and 3-instrument storage drawers.
- F** Drawer insert (1) for pouches and disposables.
- G** Autoclave Tower with sterilizer shelves that feature slide-out moisture-proof drainboard decks. Includes vented door with drainboard for overflow bottle.
- H** Blue, illuminated clean storage tower with 5-adjustable racks.
- J** Straight and L-shaped panels between processing areas.
- K** Electric chase with wiring system including 3-task lights, 2- outlets, switch and separate circuits for 2-sterilizers, ultrasonic and outlets/lights.
U.L. Hospital Grade Redundant Ground rating.

Physical Requirements

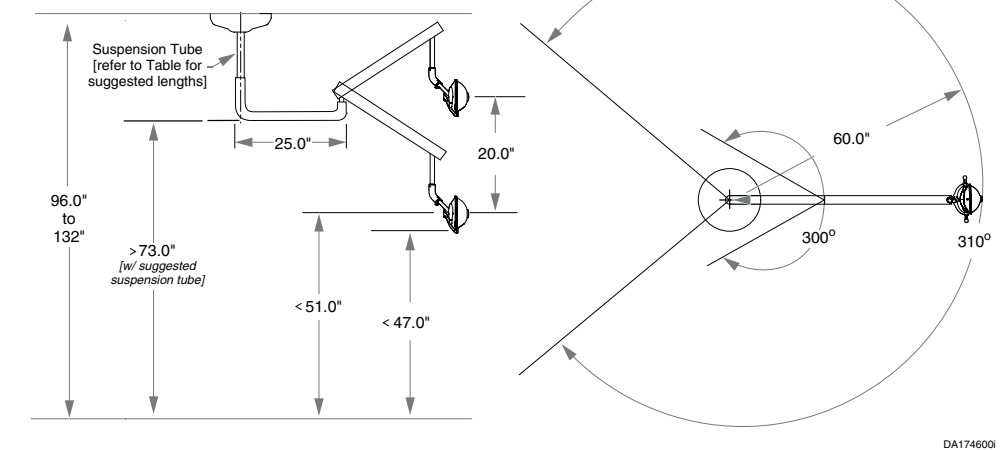

NOTE: This install guide applies to Halogen and LED-style lights.

Note
There is a 50" dead zone on the side of track, depending on whether track is set up as a Left or Right Hand unit - the dead zone is opposite that side. The dead zone also moves with the trolley.
